Track record

NRC

Acting for NRC (a Cypriot company) in relation to fraud proceedings issued in London and in Cyprus against a former business associate (AAD) and companies controlled by him. In London Eleni and her team obtained a default judgment in the sum of £5 million. Their attempts to enforce this Judgment by obtaining a charging order over a property in West London legally owned by a BVI company, ended in a 3 day trial in the High Court in which the BVI Company vigorously defended the claim for the final charging order. Eleni and her team won at that trial and the Judge found that the Property is beneficially owned by AAD and that therefore NRC could proceed to enforce its default judgment.
