Jacky has extensive experience specializing in various aspects of international taxation.

Having practiced in South Korea for over 6 years, she has been dedicated to advising both Korean and international entities on cross-border transactions and investments. Her expertise encompasses helping global corporations with their operations in the APAC region and developing tax strategies for businesses looking to expand internationally. She is skilled in managing tax issues and disputes across various international jurisdiction. Jacky frequently provides guidance to clients on U.S. and Korean tax matters related to cross-border transaction. She also advises Korean and foreign asset managers in achieving tax efficiency of both inbound and outbound operations, including branches and subsidiaries, as well as various other aspects of corporate and international tax planning. She also has participated in assisting both Korean and multinational companies in financial service tax area, which involves consulting Korean security brokers on U.S. tax compliance in light of the recent U.S. tax law changes.

Track Record

U.S Tax Compliance under QI Regime – Korean Security Brokerage Houses

Advised more than 20 Korean security brokerage houses and commercial banks to comply with their obligations as Qualified Intermediaries under the relevant U.S. tax law and regulations. This matter also involves consulting the Korean financial institutions on the recent changes to the U.S. tax laws and regulations, which involves significant amendments to the withholding tax regime applicable to non-U.S. investors of U.S. publicly traded partnerships.
