Elizabeth is an associate within the private client and tax team.

Her practice primarily focuses on advising executors, administrators and charity beneficiaries in relation to estate administrations. This involves complex post-death inheritance tax reporting for UK and non-UK domiciled individuals, obtaining authority from the court to deal with assets in the form of a Grant and post death administration and variations.

She also works closely with the CTS team, advising in relation to the non-contentious elements of will disputes. During her training, Elizabeth gained solid property experience focusing on rural property in particular.
