This year, we focus on third party funding in international arbitration, canvassing legal, theoretical, practical and commercial issues. Our panel will address key and topical issues in third party funding in arbitration from the perspective of funders, arbitrators, academics and practitioners. This will include:

- Funding costs and recovery – market and case developments
- Issues of disclosure
- Security for costs and insurance
- Funding developments internationally (including in Singapore, Hong Kong and France)
- Self-regulation of the industry
- Practical steps and considerations for securing third party funding
- How to choose a funder
