The Dolphin Tank®, hosted by Springboard Enterprises and Withers, was held on February 26 at Accenture in San Francisco, California. The event was formatted as a “friendly-feedback” pitch session for women entrepreneurs, specifically women-led companies in “Fashion Tech”.

Withers’ Gina Bibby served as a Panelist, leading an interactive discussion that focused on providing connections and advice to enable entrepreneurs to overcome their challenges and capitalize on their opportunity. Withers’ David Guin provided the opening remarks at the event.

Springboard Enterprises Dolphin Tank® programs are “helpful feedback-driven” pitch sessions for entrepreneurs to receive constructive insights from knowledgeable professionals. Dolphin Tanks aren’t about sharks, piranhas, dragons, or competing for the best idea – they’re about channeling the expertise of the people in the room.
