Living in a fast paced region such as Hong Kong, couples are always wise to have the correct and updated guardianship procedures in place for their children. In the second installment of our webinar series, our speakers will cover aspects of wills and Deed of Guardianship during unforeseen events, making sure children are taken care of should something happen to both parents.

This webinar series will be conducted in English and Cantonese separately. Each webinar will be 45 minutes long, followed by 15 minutes of Q&A.
