[FIRM NEWS](#)

With communities across the world trying to adapt to accelerated change, it has never been more important for us to support our clients in all aspects of their personal and professional lives.

In the latest release of the [Legal 500](#) and [Chambers and Partners](#) UK legal directory guides, we have been recognised as a leading firm across 25 practice areas, with over 75 lawyers listed amongst the top of their field. This recognition – thanks largely to the time, effort and energy expended by our clients and contacts in giving their feedback – demonstrates our ability as a firm to guide businesses, high-net-worth individuals and their families and philanthropists in all their legal needs in these challenging times.

Thank you to all our clients and contacts – the feedback you provide on how we work together is invaluable. Whatever your situation, whether you are facing unique predicaments or grasping new opportunities in our rapidly evolving world, we are here to help.
